Extreme Microbial TECHNOLOGIES

MAK

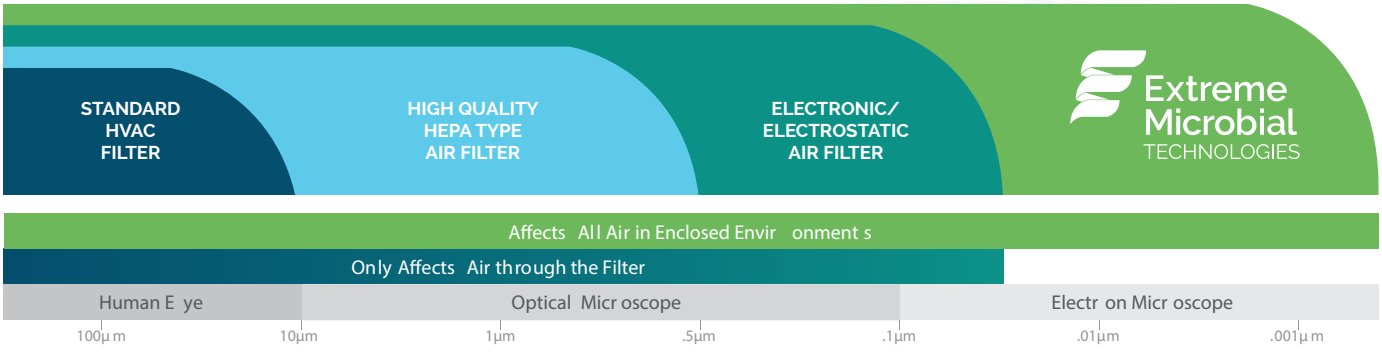
MICROBIAL AREA KLEANER

MAK-5™ / MAK-9™

Designed for use in both residential and commercial facilities to dramatically reduce mold, mildew, fungus, VOC's and a host of bacteria, viruses and other contaminants. An easy and effective solution for storage facilities, offices, clinics, schools as well as restaurant kitchens and more. Also used in indoor grow, greenhouses and organic farms to manage potentially harmful contaminants such as mold, fungus, mildew, VOC's and other contaminants. MAK units can provide significant cost savings by reducing the need for chemical intervention and reducing post-harvest spoilage. Units simply plug into standard outlets to start working immediately.

Product	MAK-5	MAK-9
Weight (lbs)	8.2	8.2
Dimensions (Inches)	14.25 x 9.25 x 3	14.25 x 9.25 x 3
Power (Type)	AC	AC
Power (Watts)	16	22
Power (Volts)	120	120
Current (Amps)	0.18	0.2
Warranty	1 year	1 year
Filters	2 air filters	2 air filters
Filter Life (Approx.)	6-12 weeks	6-12 weeks
Air Flow (CFM Max)	55	55
Typical Coverage (CF)	1,650-4,500	3,000-8,000

We Provide a Broad, Effective Range of Solutions



Our products are not medical devices and are not intended to diagnose, treat, or cure any disease. Coverage area depends on variables such as the severity and frequency of pollution, flow of air in the environment, humidity and temperature. Extreme Microbial Technologies, LLC declines all responsibility for all damages arising from improper use of the unit or in case of tampering with the unit.
